

Time Travelling Mathematicians

- 1) Select one Maths topic that you would like to explain to others using an item from the website.

Think about how you could explain at least one of these topics to someone else:

2D shapes

3D shapes

Angles

Fractions

Perimeter/Area

Fractions

Symmetry

Ratio

Multiplication

Length

Ratio

Multiplication

- 2) Now, select at least **one item** that could help you to explain the Maths topic.

You can write an explanation, use a picture of the item to help you, or create your own drawing or poster.

- 3) Remember to record the **key vocabulary** that would help others understand the area of Maths that you have written about
