Visit kimyo.co.uk/collect and enter the following code:

Q6SKU

Unseen Object

This task needs to be completed in pairs, or small groups. One person will need a picture of an item from kimyo, their partner/s will need something to draw with (pencil and paper or whiteboard and pen)

- 1) First, select **1 item** from kimyo – remember not to show your partner!
- 2) Now, **describe** the item to your partner, so that they can draw it.

Remember to include shapes, position, colour and other description that will allow your partner to draw the object.

If they need additional help and clues, you could let them know the name of the object, the category it is found in, or which museum it is from.

Or you could keep all of this information unseen until they are finished!

- 3) Once your partner has finished the drawing, it's time to **compare** the drawing with the item.

What's the same? What's different?

- 4) Now, **switch roles** as it's your turn to have an item described to you.
