## Word Bank

- 1) Select an item from kimyo – this could be from a given category or location, or you can select an item at random

- 2) Make a list of any **words and phrases** that you can think of whilst looking at the item – remember to think about your senses (what can you see? what might you hear? how might it feel?)
- 3) Now, go back to the list of words. Can you **uplevel or improve** any of your word choices?

Remember that you can use a thesaurus to help you find **synonyms**

- 4) Now, use your list of words as a **word bank** to support a piece of writing – either **about the item** that you have chosen, or **about the location** that the item is from, or just **inspired by the item or location** that you have chosen.
